

**STATE OF HAWAII
CAMPAIGN SPENDING COMMISSION**

**ELECTRONIC FILING FORM
CANDIDATE COMMITTEE**

Candidate Committee Name: _____

Identification Number: _____

Section 11-195(a), Hawaii Revised Statutes, requires all filed reports to be "certified by the candidate and treasurer." By signing and submitting this form, the candidate and treasurer will be issued a password for certifying the information on all "electronically filed" reports and attached schedules as true, correct and complete to the best of their knowledge.

"Electronically filed" means that a candidate or treasurer will be filing required campaign spending reports directly through the Internet absent the signature of the candidate and treasurer to verify a legal filing. In accordance with section 2-14.1-4.1, Hawaii Administrative Rules, and Advisory Opinion 01-02, candidates may file reports electronically by obtaining a password from the Commission. The confidential password serves as identification and certification of a true and accurate filing by the candidate and treasurer. The password and Identification Number above will be used to file electronically using the Commission's HERTS2 (Hawaii Electronic Reporting and Tracking System) program.

Only a candidate or treasurer can obtain an electronic filing password. Upon receipt of this form, the Commission will verify that the requester is listed as a candidate or treasurer on the Organizational Report-Candidate Committee (Form CC-1). The signature of the candidate and treasurer will be verified with those on the Organizational Report before the password is issued. The password indicates that the electronic filing originated with the candidate committee in whose name it is filed.

If a password is lost or forgotten, the same procedure must be used to request a new password.
